The Date row used in the table is derived from the "Incident Date" field which indicates the date that the incident actually occurred.

The Harm to a Staff Member row in the table above counts all incidents where "Harm to a Staff Member" was selected in the "If the Incident had an outcome, what was it?" field AND where either "Aggression - Aggressor" OR "Aggression - Victim" was selected in the "Incident Type" field.

The All Incidents row in the table above counts all IIMS Incidents.
